Dear Patient

We hope you love your new restorations!

Follow up care:

- Continue to see your dentist for **routine cleanings**. We have sent your provider instructions on how to clean around your Bioclear restorations. Remind your provider that you are a Bioclear patient, and **ultrasonic scalers are NOT recommended** on your restorations because they may cause scratches. If you have tartar/calculus buildup, ultrasonics may not be avoidable. Ask your hygienist on tips on improving your home care to reduce the need for ultrasonic scaling in the future.
- Return to our office for annual Bioclear polishing. Approximate fee of \$70.

If you are experiencing sensitivity, a sharp area, staining, or chipping, this can be easily addressed. Please give our office a call to schedule an appointment.
